NIMBUS

Patterson-Kelley - Boilers, water heaters and storage tanks.

Standard Xchange - Brazepak, shell and tube, plate and frame, and custom heat exchangers.

Weil-McLAIN - Commercial and residential options for boilers, water heaters, and domestic hot water tanks.

Selkirk - Multi-use pressure vent, kitchen/grease duct, multi-appliance vent and high efficiency venting.

Heatfab - Categories 1-4, high performance, single and double wall AL29-4C venting.

Siemens - Extractive continuous gas and in-situ continuous process gas analyzers.

CRANE Pumps & Systems - Pumps from well-known brands such as Burks, Barnes, Weinman and Demning.

AKG Thermal Systems - Air and water cooled technology for both industrial and mobile applications.

Johnston Boiler Company - World's largest Scotch Marine firetube boiler, as well as water-backed boilers.

Tjernlund - Side wall vent systems, rooftop draft inducers, combustion air intake systems and more.

Lattner Boiler Manufacturing Co. - Fuel-fired and electric boilers.

BFS Industries, LLC - Complete line of boiler room products such as deaerators and boiler feed systems.

JJM Boiler Works, Inc. - Neutralization kits, both inline tube and tanks.

Heatmizer - Boiler economizers and flue gas heat recovery units.

Warren Controls - Pneumatic and electrically actuated valves.

Thermal Pipe Systems - Pre-insulated piping for underground heating and cooling distribution systems.

Nimbus Advanced Process Cooling - Hybrid adiabatic cooling systems.

Filtrine - Specialized chillers such as MRI, CT, linear accelerators, cyclotrons, proton therapy and more.

About Heat Tech

We are suppliers of a wide variety of heating and cooling solutions. We offer top quality manufacturers of commercial and industrial boilers, boiler feed systems, boiler economizers, heat exchangers, flue vent stack, gas analyzers, valves, piping, and HVAC pumps.

Heat Technology Products has been serving the HVAC industry since 1964, formerly as the California Sales Office of L.O. Schuelke Co. Throughout our journey, it has become our mission to provide our customers with the highest quality engineered products to meet their needs along with exceptional customer service.
